I forwarded the email to them. I am hopeful that will alert them, but I will also make a note to discuss with both stores.

Ok, that's odd. We also need to get with 753 to understand how they missed this patient note from 1/17 and filled the fake rxs on 1/25.

Thank you,

They are all Cobb county. I will get one store to share all of them because it appears that the county requires you to come to the department to file a complaint of a crime.

We also need to confirm that the local authorities are contacted as well for any fraudulent rxs that were filled. Keep the LP agent in the loop too.

Subject: RE: Fraudulent Rx

After I sent this email, I took a look at the Rx and noticed that the information that is on the Rx for the Dr is different than the information that was submitted in ERx. Both are for Dr Amit Patel. I ran a query for Amit Patel with the DEA # that is on the Rx and came across another pt being used to fill the same 2 Rx's. There are pt notes from Aug 2019 and Jan 2020 stating that someone is using this profile to fill fraudulent Rx's, however, 1112 filled 4 Rx's and 0753 filled 2 Rx's for this pt since the first note was entered in Aug. Please have your pharmacies confirm that these 8 Rx's are also fraudulent so we can reverse them as well.

Good morning Mike,

Our team isn't involved with PDMP anymore but Jennifer Warren and her team in Compliance should be able to assist you.

Thank you,

Brandon Mancini | Technical Specialist – Pharmacy Operations

Publix Super Markets, Inc. | 3300 Publix Corporate Parkway, Lakeland, FL, 33811
